Dreamsicle Wishing Crystal and Pendulum

Use this enchanted Austrian crystal tool (to the right) to discover your wishes and dreams. Begin by holding it, allowing it to read your energy imprint. Next holding the wire like a pendulum, ask the DreamSicle the direction it recommends you take for a particular situation you are interested in manifesting. Yes and No questions work best. When you are not using your Dreamsicle for guidance, allow it to draw powerful prana by hanging it in a sunny window. Clean with clear water.

76mm (3") Cone Prism with light sapphire blue and clear crystal beads. 13" finished length.
